

Dear all 3Mo children, parents and carers,

I hope you have all had a lovely Christmas and are ready for 2018!

This half term we will be looking at Magnets and Forces and conducting some exciting investigations! If you have any books or other resources to aid with the learning of this topic, please bring them in and share them with us all – I think we would all love to see them!

Important information for the half term:

Mondays:

Children will be tested on spellings and will be given new spellings (on Thursdays) to learn for the following week.

P.E kits in for the week ~ Please make sure your child has ALL the correct kit ~ white T-shirt, Black leggings or shorts and trainers / pumps.

Tuesdays:

Children will be tested on their times tables.

We are focussing on ALL times tables but they should by now know their 2, 3, 4, 5, 8, 10 tables. The majority of the Maths curriculum from now to the end of the Year focuses on Multiplication so it is paramount that the children are practising these at home. Times Tables Rock Star is great for this!

Fridays:

Children given homework to complete, this should be handed in by the following Friday.

Reading

Please ensure your child is reading at home as much as possible and that their reading record is signed so that they can be rewarded in class. We are having a 'reading mountain' incentive.

Attendance: there is an incentive from Monday 15th 2018. Every child that is in school for 100 days from now will go in to a draw to win some amazing prizes including an Apple iPad Air.

Miss. Morris
