

Topic Information for Parents and Carers

Year 5Ca Autumn Term 2020

Miss Carlin

Dear Parents and Carers,

I hope everybody had a wonderful 'extended' summer break and are all as excited as I am about the new school year. I will once again be in year 5 and would like to extend a big welcome to all my new pupils and their families. I look forward to getting to know you all better over the course of the academic year.

The topics that we will be covering in the autumn term include: *Healthy and wellbeing* and its importance, *Plant reproduction* and how flowers grow. We will also take a look at what life is like in the country of France. The children will be investigating these topics, as well as doing practical experiments alongside their written work and story compositions.

In Year 5, PE lessons are planned for Wednesday in the afternoon. Unfortunately, we can't offer any after school clubs or booster groups just yet. We do hope however to get the green light for these very soon. Due to Covid restrictions, children are not permitted to bring a PE kit to school or to get changed. Instead, on your child's PE day, please make sure they wear trainers and comfortable black bottoms to school.

In year 5, homework will be given out on Friday and will be due in on the following Friday. It will usually involve an online task, based around their literacy or numeracy. In addition to this, children are expected to read for a short period of time with adult supervision each evening. Finally, there will be a set of 10 spellings for Mondays. I would really appreciate it if you could help your child at home.

If you ever need to see me, please do not hesitate to come before or after school. It will be my pleasure to answer any queries.

Miss. Carlin - Year 5
